I. INTRODUCTION

This call for proposals is launched in the framework of the Council of Europe Projects “[ROMACT3](#) and [ROMACT4](#)”. It aims to co-fund national projects aimed at assisting National Support Teams with the implementation of the ROMACT methodology in five (5) target countries (see Section II below), with the ultimate aim of building up political will and understanding of Roma inclusion at local level.

Project proposals must use the ROMACT methodology.
The ROMACT methodology handbook can be found using this link [here](#).

Project proposals shall aim to produce an added value to the Council of Europe efforts in this domain, as set out further in Section IV below.

II. BACKGROUND INFORMATION ON THE COUNCIL OF EUROPE PROJECT

The purpose of the Projects is to build up political will and understanding of Roma inclusion at local and regional level by building the capacity of local authorities to develop and implement plans and projects for Roma inclusion and aim to promote the integration of Roma at local level. The Projects pursue the following objectives: improving local democracy, accountability, inclusiveness and responsiveness towards Roma citizens and thereby improved delivery of services

In particular, they aim to support regional and local authorities and Roma communities focusing on:

- capacity building;
- establishment and enforcement of mechanisms and processes promoting and ensuring good governance standards and ownership by local authorities of effective integrated development efforts covering education, employment, healthcare, housing, urban development and culture;
- equipping local authorities with tools, knowledge and skills to overcome the challenges and barriers in regard to the needs of the Roma;
- improving the efficiency, effectiveness and sustainability of local policies, measures and delivery of services; and
- supporting cooperation between municipalities willing to design and implement jointly concrete integration measures and projects.

Project partners include the European Union, national governmental and non-governmental institutions and organisations dealing with Roma issues.

The Projects’ activities take place in **5 (five) countries: Bulgaria, Czech Republic, Italy, Romania and Slovakia, in number of municipalities in each country.**

In each country, a National Support Team (“NST”) will be formed, consisting of one or more National Project Officer(s), National Facilitators’ Coordinator(s) and a number of Facilitators. Together with support of other consultants they will work as a team towards achieving the objectives of ROMACT methodology.

In Romania, two NSTs will be formed, one for Northwest Romania and one for Southeast Romania.

Through this call, the Council intends to select two organisations (hereafter “support organisations”), one for Northwest Romania and one for Southeast Romania, which shall primarily assist the NST in the respective region in terms of organisational and logistical support and enable the smooth running of all of the activities, in a way which adds value to the Projects. Further detail on the types of activities eligible for financial support is set out below under “means of action”.

III. BUDGET AVAILABLE

The Council of Europe intends to award two grants of a maximum amount of €50,000.00 (fifty thousand Euros) each, one for each of the above-mentioned regions. However, applicants may submit budgets for a lesser amount.
